FORTY NEGROES FELL

Pier on Which They Were Standing Took a Tumble.

IN MUD AND WATER

Three Hundred Men, Women and Children Dropped, and of That Number About Forty Sustained Injuries.

New York, Sept. 7.—Three hundred negro men, women and children, dressed in their Sunday best and singing gospel hymns have been precipitated into three feet of water and mud at low tide in Newark bay, at Bayonne, N. J. The pier on which they were standing collapsed just as the Rev. John T. Thornton was about to baptize a member of his flock.

Forty persons were injured, the majority by the hysterical efforts of their companions escaping from what for the moment they thought was death by drowning. But when the ambulance surgeon looked over the bruised ones he found only four who needed attention. The rest, bedraggled by mud and water, waded ashore and the baptismal was postponed. The worst injured are George Hendrickson, his wife and young son, of Bayonne, and a woman named Thele, of Jersey City. They were all bruised from falling against broken timbers and being kicked and pushed by other persons. The Thele woman's ankle is broken and her shoulder is badly sprained. Several of those who took the unexpected cold plunge were whites attracted to the pier by curiosity.

SEWED HIS HEART.

Remarkable Operation Performed on That Organ of a Man.

Chicago, Sept. 7.—An operation on the heart of Matthews Plowman, who was stabbed in a fight with James Corneet Saturday, may save the man's life. At Mercy hospital, where he was taken, physicians took out his heart and sewed it up. Then oxygen was administered continuously and it is said he has a possible chance of recovery. Plowman was stabbed with a bread knife in the left breast. The wound almost cut his heart in two.

Judge Sutherland Shot.

Rochester, N. Y., Sept. 7.—County Judge Arthur E. Sutherland of Monroe county is reported to have been accidentally shot while duck hunting on Stony lake, Canada. A charge of shot accidentally discharged from his companion's gun made a serious wound in the forearm, which may have to be amputated.

Educational Conference.

New York, Sept. 7.—An educational conference has been convened by Premier Seddon to meet Dr. Parkin, the representative of the Cecil Rhodes educational fund, says a Times dispatch from Wellington, New Zealand. Dr. Parkin states that the interest in the Rhodes scholarship in New Zealand is keener than at most any place he has visited. He considers the arrangement for selecting New Zealand scholars satisfactory.

Armed Lunatic Arrested.

Melbourne, Sept. 7.—A constable on duty at the government house has arrested an armed lunatic who said he wished to interview Lord Tennyson, the governor general. The constable closed in on the intruder and deprived him of a loaded revolver.

TURKISH ATROCITIES.

Accounts Received State That They Are Dreadful.

NUMBER MASSACRED.

The Plight of Those Who Survive Is Truly Pitiable, They Having to Satisfy Their Hunger by Eating Grass.

London, Sept. 7.—The Daily Mail's correspondent at Monastir telegraphs: "There is no doubt that a Turkish war of extermination is proceeding in the Okrida district. The massacres of a century ago are as nothing compared with those occurring daily in the vilayet of Monastir. I have obtained substantial evidence to prove that the Turkish Nizamas (Turkish regular troops) are in most cases, committing unheard of atrocities, which are not solely the work of the Bashi Bazouks, as the authorities are seeking to prove. The plight of the survivors is terrible. Not daring to leave their houses, and subsisting on grass and water, they resemble people in the last stages of famine. The Turks are also losing heavily, judging from the number of injured arriving here. Among the instances he gives in support of his statement, the correspondent relates that a priest's son in one village was flayed alive and kept in this horrible condition for several days, to the delight of his tormentors, until a merciful Turk shot him dead.

Reports have reached the revolutionary headquarters at Constantinople of atrocities by the Turks in the village of Velmosti in the district of Debre. The troops and Bashi Bazouks are said to have surrounded the village and part of them entered and began plundering the house and assaulting the women. The other soldiers remained outside and killed those inhabitants who tried to escape. The Turks then set fire to the village in four places, burning twelve women and children. One child was hanged. Altogether sixty peasants were killed and their bodies were left lying in the streets.

Rigorous Treatment.

Constantinople, Sept. 7.—Private advices from Adrianople report that the troops in the Kirk-Kilisse district are treating the inhabitants with greater rigor. Every Bulgarian village furnishing recruits to the insurgents has been bombarded and destroyed, the inhabitants being given barely time to escape.

Guarded by Sailors.

Constantinople, Sept. 7.—The interiors of most of the embassies here are guarded by armed sailors from their respective guardships. The German embassy, in the absence of its guardships, the Loreley, which is cruising in the Black sea, is guarded by Turkish soldiers.

Awaits Developments.

Constantinople, Sept. 7.—Minister Leischman is not taking any steps regarding the attempt upon Vice Consul Megelssen at Beirut, but is quietly awaiting developments on the part of the port.

STRUCK A COW.

Engineer and Fireman of Train Had Miraculous Escape.

Goshen, Ind., Sept. 7.—Southbound Big Four passenger train No. 21 was wrecked here Sunday morning by hitting a cow. The engine turned over and landed half way down an embankment. The engineer and fireman escaped unhurt. While the wrecking crew was clearing the track in the afternoon a chain broke, the recoil hurling it into the crowd that was watching the proceedings. Samuel Oliver received a broken thigh and is in a serious condition. Victor Kauffman, aged thirteen, was badly injured in both legs, and Charles Ahlwin, aged ten, was seriously injured.

DOSSETT ARRESTED.

Charged With the Murder of a Relative in Tennessee.

Oklahoma City, Okla., Sept. 7.—Thomas Dossett was arrested here charged with the murder of his brother-in-law at Lafayette, Tenn., three years ago. He had been in Oklahoma two years. His arrest was caused by a Tennessee man who recognized him as he passed him on the street. Dossett says the killing was done in self defense.

Investigation Under Way.

Ardmore, I. T., Sept. 7.—Inspector Taylor of Washington, representing the department of justice, is making a complete inspection of the United States marshal's office here. He is inquiring into the charges made by F. Finis Fox of Ardmore against Marshal Colbert.

One of the defendants convicted was Mrs. Bessie Dodge. John Kreer and Richard Roberts were acquitted. All other prisoners denied participating in the riot.

Paris, Sept. 7.—President Loubet gave an audience to Senator Henry Cabot Lodge.

TO CONFER.

National Civic Federation Will Meet Next Month at Chicago.

New York, Sept. 7.—Changes in the organization and methods of the National Civic Federation have been decided on by the executive committee which will be discussed at a conference of the federation in Chicago on Oct. 14 and 15. This will be preliminary to a week's international industrial congress of the federation at St. Louis next June.

It is understood that the sub-title, "Industrial department," will be dropped. Chairman Hanna's title of chairman will be changed to president and the title of Secretary Easley to chairman of the executive council, the office of secretary to be filled later.

The president has been authorized to appoint several committees including those on "hours of work," "methods of payments," and "employees' welfare work." The latter committee will arrange for a conference of employers in this city in November to discuss ways of bettering the condition of employees.

The general work also is to be divided into sections such as "building trades," "metal trades," "textile industry," "transportation," "mining" and "miscellaneous," to further the work of the federation.

SHOT HIS WIFE.

Colonel Griffith, a Millionaire, Says it Was Accidental.

Los Angeles, Cal., Sept. 7.—Colonel Griffith, a millionaire resident of this city, and a member of the board of park commissioners, has been arrested on the charge of assaulting his wife with murderous intent. Mrs. Griffith is in a hospital suffering from the effects of a pistol shot wound in the head and a compound fracture of the shoulder. She was shot in her room at a Santa Monica hotel. In her statement to the district attorney, Mrs. Griffith said her husband shot her after forcing her to answer, at the pistol point, some irrational questions as to her faithfulness and also acknowledge an attempt to poison him. When he shot her she was on her knees. She ran to a window, out of which she jumped, falling on a roof some fourteen feet below, fracturing her shoulder blade. Mrs. Griffith wanted a charge of insanity preferred against her husband.

Colonel Griffith insists that his wife was wounded accidentally. He was bending over a trunk, according to his story, when he heard the report of the revolver. The weapon, he says, was one of his own which Mrs. Griffith came across in gathering together their effects for packing.

CHICAGO BULGARIANS.

An Organization to Give Assistance to Their Native Land.

Chicago, Sept. 7.—Believing war with Turkey to be imminent, Chicago Bulgarians are organizing to give financial support to their native land and to send fighting men to the field. A number of Bulgarians have left for Philadelphia, where a regiment is being formed.

Among those who have left for the scene of the threatened war is Stanislas Svetokoff of Waukegan, formerly a lieutenant in the Bulgarian army. Meanwhile 4000 Chicago members of a Greek patriotic society that has for its chief object the extension of Greek territory, have manifested their lack of sympathy with the Bulgarian revolutionary movement. The Greeks declare that the Bulgarian revolution is prompted by Russia.

SUSPECT ARRESTED.

He Made Several Efforts to Speak to President Roosevelt.

New York, Sept. 7.—A powerfully built man caused considerable excitement as President Roosevelt was about to board the train in Hoboken for his trip to Syracuse by persistently trying to follow and making several efforts to speak to the chief executive.

He was seized by the chief of police of Hoboken and two policemen and hustled into a waiting room, where he was searched. He was found to be unarmed and was released.

Fifty Additions.

Chickasha, I. T., Sept. 7.—The biggest revival in years is now in progress here at the Christian church. It began two weeks ago and is being conducted by the pastor, Rev. John A. Stevens, assisted by Rev. J. T. Boen, a celebrated evangelist, who has traveled extensively in Egypt and the Holy Land. There have been over fifty additions to the church and the meeting is just now at its height.

Are Investigating.

Watsonville, Cal., Sept. 7.—The district attorney and sheriff are investigating the death of Mrs. Elvira Scales Greene, an aunt of Bill Nye, the well known humorist. Mrs. Greene's death recently was attributed to gas asphyxiation. The district attorney states that he has received information that her death was not accidental.

Burned to Death.

Seranton, Pa., Sept. 7.—Two young sons of M. Epstein, living with their parents over a junk shop, were burned to death in a fire which destroyed the building. The fire is supposed to have been of incendiary origin.

One Killed, Several Hurt.

Hartford, Ark., Sept. 7.—The pit boss was killed and several miners were hurt by a gas explosion that partly wrecked the Prairie Creek mine, owned by the Mexican Gulf Coal and Transportation company. The mine is a new one and the number of men employed was not large.

Twenty-One Indicted.

Guthrie, Okla., Sept. 7.—The federal grand jury at Hobart, Okla., investigating the alleged frauds in the expenditure of government funds, completed two weeks' work and had returned twenty-one indictments. It is estimated that two weeks more will be required to complete the investigation in Kiowa county.
